Preface

This is Lincoln's first attempt at publishing a hand book. The task was undertaken by the Student Council. This organization felt the need of such a publication, so it went to work to fly over "unexplored territory." There will be many who will think that "this or that has been left out" or that "this is wrong." There will be a few who will be so narrow-minded as to say, "This hand book is bum." Well, this little book is not dedicated to those "know-alls."

On the other hand, there will be those who will say, "Oh, I didn't know that you had to have three years of English," or "Oh, am I eligible to join the Math. Club?" Others will find the memorandum at the back very handy, and others will appreciate a place to keep the basketball scores for 1928. These are the types of students to whom this book is dedicated.

This first attempt is by no means perfect, nor should it be. "Big oaks from little acorns grow," you know. This book is the tiny acorn. Next year it will grow and the next year it will continue to grow until finally it will be a big oak.

Overlook the errors, now, Lincolmites. Refrain from criticism, and regard the first attempt of the Student Council in publishing a handbook as a "fair try."

This hand book was edited by a special committee of the Student Council. We dedicate it to the underclassmen and to the graduating classes of the various ward schools of the city. We hope that it will inspire and guide those students during their four-year stay in Lincoln and encourage them to partake in the various activities of the school.

Foreword

Handbooks have become a necessity among high schools, for the purpose of helping in the adjustment of students to the practices and ideals of the schools, and second, to set forth to the public, the activities, courses and special features of the life of the school that make it an attractive institution. The initiative and development of this project rest chiefly with the Student Council, whose members have spent much time and effort in studying handbooks from schools widely scattered over the country, and in the compilation and organization of material. The Council members are to be congratulated upon their work and I wish to express the appreciation of the faculty and student body for their effort.

Requirements for Graduation from High School

A minimum of fifteen units or thirty credits is required for graduation from high school. "Excess" credits will be certified to college. Of the fifteen units required, twelve units or twenty-four credits must be "solid" credits, selected from Groups I to VI inclusive. The remaining units may be selected from Groups I to VIII inclusive.

The following credits are required of every pupil:

English	6
Science	2
Mathematics	2
History	2

Pupils who do not expect to go to college may substitute two credits from Group VII for the requirements in mathematics.

The remaining required credits must be selected in compliance with the following conditions:

There must be offered two major sequences of at least six credits and two minors sequences of at least four credits each. The major sequences must be selected from Groups I to VI inclusive and may or may not include the required English, mathematics, science or history. The third minor sequence may be selected from Groups I to VIII. Eight credits are required for a minor sequence from Group VIII.

Preparation for College

Pupils preparing for college must remember that not all subjects accepted for graduation from high school are accepted for college entrance. It is quite

possible therefore, for one to have the credits required for graduation and yet fall short of the particular requirements of a given college. This makes it necessary that a student preparing for a particular college should select subjects accepted for admission by that college.

Only a few colleges will accept less than a full unit (two years' work) in some non-solids such as the art courses, mechanic arts or home-making. It follows then that pupils should plan two years' work in such subjects if they are to offer them for college entrance.

The Advisory Group

Every student is assigned to a home room or an advisory group to which it is necessary that he report every day. In this group or room, the attendance record of each pupil is kept, his banking done, and it is there that he receives official notices and often discusses student problems and general topics of the day. The advisory period is held after the first hour class and usually extends for twenty-five minutes, except on assembly days, on which it is only fifteen minutes long.

When a student has been absent, he should bring an excuse from home, to his advisor, who in turn gives him an admit slip to his various classes. When a student arrives at school late in the day, after the advisory period, he should first report to his advisor before he goes to any of his classes, in order that he will not be counted as an absentee for the day.

A student is classified according to his advisory group. If he is in a freshman group, he is a freshman no matter how long he has been in Lincoln High.

Library

Our branch of the Kansas City Public Library contains over 7000 volumes. Some of these books are used by anyone, student or outsider, who has a library card. Other books are kept in the library as references, and cannot be withdrawn.

The library is open from 8:00 a. m. to 6:00 p. m. On Monday and Thursday it is open until 9:00 p. m. The library is not open on Sundays.

Any student may obtain a library card by applying at the desk. Only those who possess cards may withdraw books.

Vocational Cooking

The cookery class of the vocational department is under the supervision of Mrs. A. P. Groves and it is conducted for the purpose of giving the girls an understanding of quantity work in cookery in order to fit them for service in cafeterias, lunch rooms, and in any place where food is to be served to large numbers.

They are also given banquet, serving and counter service in order that they may become accustomed to meeting the public.

The course extends over a period of two years during which time they gain practical experience in each line of work offered in the cafeteria, as salads and sandwich making, pastry work and general cooking. They are required to work four hours per day in the cafeteria during which time they have three hours devoted to practical cooking and one hour of theory. After they have put in the required time, if they have made creditable grades they are given a certificate and every effort is made to find them employment in their line.

School Publications

The Lincoln High School has two publications, one a periodical, issued semi-monthly, and the other an annual, published by the senior class.

The Lincolnite, our semi-monthly school paper, issued every other Wednesday, contains current school news, features, and gives a full account of our athletics and club doings. Miss Trussie Smothers and Dr. H. S. Blackiston are the faculty advisors of the editorial and business staffs respectively.

The Lincolnian, our school annual is issued near the close of the school year. It gives an account of the year's activities, contains pictures of the classes, clubs and organizations of the school, contains the history, will, prophecy, giftonian and other information and features of the senior class.

Any student is eligible to submit news to either of the publications.

Activities Ticket

The Activities Ticket is a booklet containing tickets or coupons to the various activities of the school. It contains basketball, football, play, social, Lincolnite tickets, a coupon worth the membership fee of the N. A. A. C. P., the Junior Red

Cross and the Athletic Association. This booklet is sold to the students during an Activities Campaign held early in the fall, lasting one week, during which time the various officers of the Athletic Department are elected. The ticket costs only \$2.00 if bought during the week of the campaign. Thus, a student receives over \$6.00 worth for \$2.00, and it behooves one to purchase one during the campaign.

General Rules

1. Students are expected to act like ladies and gentlemen at all times.

2. Students are expected to maintain at least a medium average throughout their four-year course.

3. Students must pass in two solids and one non-solid or be placed on probation for 10 weeks. If the record is not improved students will be dropped from school.

4. Students are expected to attend school every day, except in cases of sickness or death, and to be punctual at all times.

5. Students are expected to take an interest in all school activities and extra-curricula affairs.

6. No student is allowed to leave school premises during school hours without official permission.

Traffic Rules to be Observed in Hall and on Stairways

1. Keep to the right.

2. Move rapidly, but Don't Run.

3. Don't loiter in Locker rooms.

4. Don't socialize in halls during intermissions between periods.

5. Don't run up and down stairways—walk!

6. Don't loiter on street corners after school.

7. Don't push when coming down the crowded steps after assembly. There is plenty of time.

8. Bear this motto in mind: "Remember the other fellow."

Lockers

Two and only two pupils are assigned to each locker. The combination locks used on each locker are the property of the school and are borrowed for one year by the students, who deposit twenty-five cents upon receipt of the lock. After two years have expired, when the locks shall have been paid

for by the deposits made upon them, the deposits will be refunded on return of the lock. This year, however, each student must return his lock at the end of the year, but his money will not be refunded, since the locks have not yet been paid for. The wooden lockers in the corridors are reserved for senior and junior girls.

who is already interested in mathematics. It meets on the first and third Mondays of each month in Room 9. Mr. Griffin and Miss Nolan are are faculty advisers. Many interesting puzzles are solved in this club, the lives of great mathematicians are studied, and the difficulties of your "trig," algebra and geometry will be straightened out, if you bring your problems to the club.

Honor Society

The Lincoln High school chapter of the National Honor Society for Secondary schools was organized in 1926 under the faculty supervisin of Miss Barker. The chapter has received its charter admitting it to the National Society. Membership is based upon four qualities—scholarship, leadership, character and service. Each year, members are elected to the honorary organization, according to these qualities. Only seniors and juniors are eligible for membership. Its members are chosen by a comittee consisting of Mr. Cook and several faculty members. Each member is entitled to wear a pin which is recognized throughout the country as the emblem of an honorary organization.

The Girl Reserve Club is a national organization existing for the purpose of developing leaders, giving an expression to the thoughts of the younger minds and creating a growing consciousness of God and a real friendship with Jesus Christ. The slogan of the club is, "I will try to face life squarely and to find and give the best."

It meets every Thursday evening after school at the Y. W. C. A. All high school girls are eligible and invited to join. Misses Glenn, Nolan and Monroe are the advisers.

The Code:

The "L" Club

The "L" Club is an organization of boys and girls who have so well used and shown their athletic ability that they have been outstanding in their field and have hence, been awarded "L's."

The boys may win four types of "L's" one for football, basketball, tennis and track. Second year men win a stripe and stripes are awarded for each year after. The captain of a team wins a star.

The girls may win "L's" by the point system. This system consists of points won by hiking, gymnasium work and other sports.

In 1926-27 girls were awarded "L's" This was the first year for such an interest in girls athletics.

Persons who have won "L's" and who join the club belong to the club from then on. It is one of the interests of this organization to keep up with therecords of its graduates and to know what they are doing along this field.

The sponsors of this club are Coaches Wright, Anderson, Rhodes, and Z. Taylor. Mr. Jeffries is also active in the work of the club.

Dramatics Club

The efficiency of our dramatics department, under the direction of Mr. J. O. Morrison, is one reason why Lincoln High school is known throughout the middle west. The department consists of the students in the two dramatics classes. It is open to Juniors and Seniors only.

From three to five plays are produced annually for the general public. Those that are always produced are the Lincoln Play, for the benefit of our annual, the Senior Play and the Junior Play. A group of one-act plays is often given for the benefit of the Parent-Teachers' Association. A Christmas play is often staged for the student body.

The Dramatics club is an asset to our school.

Botany Club

The Botany Club was organized in the fall of 1924. All students taking Botany are eligible to become members. Mr. Thompkins instructor in this subject plans the programs consisting of hikes and moving pictures. The meetings are held monthly.

Glee Clubs

Our music department consists of Glee Clubs, an Orchestra and a Band. Miss Morrison super-

vises the Glee Clubs and Mr. Jones directs the Band and Orchestra.

Miss Morrison trains five Glee Clubs, a Senior Girls' Glee, Freshman Glee Junior Glee, Boys' Glee and Mixed Choruses. These groups are often called upon to sing out in the city. Miss Morrison has many large choruses and trains solo voices.

Orchestra and Band

The orchestra furnishes music for most of the activities of the school, for instance—plays and socials. It practices at the second hour, in the annex.

The Band consists of thirty pieces, and is a part of our R. O. T. C. unit, comprising the fifth company. Both the Band and Orchestra often are engaged in outside affairs.

N. A. A. C. P. (Junior Branch)

A Junior Branch of the N. A. A. C. P. is fostered by Lincoln High school. It is affiliated with the National organization, and contributes annually to that body. Regular meetings are held the second Wednesday of each month. Membership fee is included in the Activities Ticket. However, any student who does not own an Activities Ticket is welcome to join.

This organization fosters Lincoln-Frederick Douglass programs in February, Baby Contests, Social Get-togethers, etc., besides rendering service in cooperation with the local Senior Branch.

Parent-Teachers' Association

The Parent-Teachers' Association, exists for the purpose of uniting parents and teachers into a closer and mutual understanding of each other, so as to better and further the progress of the students. This organization gives financial aid when needed, buys books, furnishes car fare and lunch money to many who would otherwise be handicapped. It also gives a scholarship to some worthy student. Their aim is to encourage boys and girls to finish high school and to be ambitious for a higher education.

Alumni Association

All graduates of Lincoln are eligible and invited to join the Alumni Association. This body, presided over by Mrs. Lula Bates, is very active. It publishes an Alumni Bulletin, sponsors an Alumni Play, gives a scholarship to some Senior each year and does many beneficial things. Join EX-LINCOLNITES!

R. O. T. C.

In 1917 the volunteer cadets were organized in the High Schools. Lincoln was the first in the city to be organized. The cadets had to furnish their own uniforms. The government furnished the firearms and part time military instructor.

In 1921 Sgt. Williams was detailed here. He had a unit consisting of six companies (380 boys being enrolled.)

In 1922 a battalion went to St. Joseph, Missouri, competing against Bartlett, and won the trophy for the best drilled men in "close" order drill,, and a special cup for the "exhibition drill."

In 1923 Bartlett visited Lincoln during the annual physical exhibition at Convention Hall and Lincoln High was again successful in winning the prize.

This year 1927-28 boys taking R. O. T. C. are to take five days of training, rather than three as formerly.

Our unit consists of four companies, A, B, C, D and the band. All boys (except freshmen) are eligible to join the battalion.

The Student Council

The Student Council organization is a student self-governing body, the members of which are elected by the advisory groups. The senior and junior groups each have two representatives. Each freshman and sophomore group has one representative and student represents each trade group. The president of the organization is elected by the student body during the Activities campaign held early in the fall. The other officers are elected within the council.

Athletic Department

Lincoln High School is a member of the M. V. I. A. A. (Missouri Valley Interscholastic Athletic Association.) We contest against other valley teams in football, basketball and track. The football season usually lasts from October to Thanksgiving. The basketball season begins during the Christmas holidays when we play our first game with the Alumni and ends early in March or sometimes in the latter part of February. Track season follows basketball.

This department has the following officials, some of the faculty and some of the student body: Coach, Theodore Wright; Assistant Coach, R. L. Anderson; Student Manager (for 1928), Leon Ellis; President of Athletic Association (for 1928-29), Paul Gamble, who was captain of both football and basketball teams of 1928-29.

Sumner High of Kansas City, Kansas, is our greatest athletic rival. The battle between the "Tigers" and the "Jayhawkers" aroused both Kansas Citys. Other valley teams are: Northeast Junior High (Kansas City, Kansas), Western C. Academy (Kansas City, Mo.), Western U. Academy (Quindaro, Kansas), Kansas Vocational College (Topeka), Bartlett (St. Joseph, Mo.), Atchison.

Lincoln usually plays three "home" football games and eight "home" basketball games. Home basketball games are played in Lincoln's gym. Home football games are played at Tramway Park, 31st and Indiana. Activities tickets are acceptable at all home games.

The Student Manager and the President of the Athletic Association are elected by the Student Body in the Activities campaign. Election held in September.

Traditions

There are certain old L. H. S. traditions which will be loved and cherished in the hearts of true Lincolmites until the end of time.

The Seniors wear their classpins, have their annual play, produce the Lincolnian, have no recitations the last two weeks of school, and furnish program for Commencement night.

The Juniors have their annual play, give the Junior-Senior reception, and are eligible for membership to the Honor Society.

Seniors and Juniors are represented in the Student Council by two representatives from each group. Sophomores and Freshman groups send one representative.

Freshmen occupy the balcony in the assembly hall.

The games between Sumner and Lincoln are traditionally the biggest games of the year.

The Student Council sponsors socials annually through the department of Recreation.

We have assembly on Mondays and Thursdays.

Each class gives one program in assembly hall each year, on Thursday.

Each class has a stunt day program, during the Activities campaign.

We bank on Mondays and Thursdays, each week.

The R. O. T. C. Battalion has an annual Field Day in May on the Parade Way.

Persons We Can Do Without

Those who persist in ignoring the purpose of Mr. Wastebasket.

Those who broadcast over station L-O-U-D their private affairs by yelling from one end of the hall to another.

Those idle gossipers, who instead of using their leisure for study, decorate the walls and windows

of the corridors, while they rival "Mrs. Grundy" in washing and ironing, so and so."

Those "Marathon runners" who every Monday and Thursday race to the assembly hall, knocking down all who come their way, whether it be teacher, student or visitor.

Those "Sneaking rogues" who besides marring Lincoln's reputation and disobeying the school rules, injure their own bodies by persisting to trade with those 18th street merchants who "sell things cheap."

Those "Slow but sure" persons, who come to school "just as the last bell is ringing" and help to warm the seats of our tardy rooms and build up our tardy list.
